

Verified Digital Customers

helix id - connects your business with the whole of Europe.

✓ instant

✓ hassle-free

✓ cost-effective

helix id provides your business and customers with a platform to securely prove their Digital Identity. We offer tailor-made solutions for your business by means of our freely selectable Trusted Services. Join our helix id marketplace and connect your services and products to gain immediate access to your future customers throughout Europe.

1. **Marketplace:** Offer your services and products to a growing community for direct purchases.
2. **Authentication:** Provide your customers with a quick yet secure login procedure through our "login with helix id" button.
3. **Verification:** Access already verified customer data. Every helix id user undergoes KYC and AML checks.
4. **eSignature:** Conclude contracts with our eIDAS compliant digital signatures.
5. **ePayment:** Allow your customers to pay seamlessly via trustworthy payment services. Available end 2021.

What advantages does helix id offer?

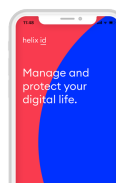

- #1 Access to verified customers on the helix id marketplace
- #2 Easy integration via standard interfaces
- #3 Regulatory security, inter alia, GDPR compliant data transfers and storage

DIGITAL IDENTITY POWERED  BY BLOCKCHAIN HELIX AG
SINCE 2016
